For One Of Your Smiles.*

Smile Designing

We Design Smiles You Flash Them....!!

Our Inhouse Ceramic & Dental Laboratory

- Hastens the treatment completion time
- Gives excellent quality results
- Reduces the number of visits the patient has to make to the clinic
- High quality ceramic, D'sign, Ceramco, Captek, Procera crown & bridge
- Metal free, pure gold crown & bridge
- Flexible dentures

DENTAL IMPLANT (Fixed Teeth)

Dental implants provides a strong and fixed foundation for permanent tooth. They could be replaced. Implants are manufactured from biologically neutral pure Titanium or titanium alloys, that is accepted by the human body and these implants fuse with the jawbone.

USP Of Zental Dental Clinic

Mid treatment 3D x-rays allows us to do implant without cuts and sutures hence **NO SURGERY** (Flap less).

NO INFECTION, just a pinhole punch to place the implant. Hence, recovery is super quick (one doesn't need to even stop blood thinners even if one is taking them.)

No accidental damage to Nerves or Sinus punctures.

One piece implant possible.
